We can still offer to send you PCR tests, but it may take 3-5 days to return the results. We are very sorry for this inconvenience and hope to serve you as best we can. We are currently facing high volumes at our centres. Our virtual travel providers are available and you can refer to in a drive through the test site if you need a test for travel or believe you have been exposed to COVID-19. 7 days a week. Extended hours. . . Walk-in is welcome. 7 days a week. Hours extended. Walk-in is welcome. I have always been able to talk to the doctor and solve my problems. Coming here is like dealing with a trustworthy family. I will not consider changing the doctor. Patient, doctors care Aiken it so a go To be treated like a person instead of an office and a number. They always treat me with gentle loving care. They really care. Patient, doctors care Cayce I am happy with all the people in the care of doctors and am very grateful that we have these quality providers so close to home. Thank you for being there. Patient, Doctors Care Conway 501 Doctors Really Care! I had an amazing experience. The staff was incredibly friendly and professional. I highly advise a visit to doctors' care! Patient, doctors care Sumter I want to express my sincere appreciation for the promptness and professional care given to my wife. Our experience at this facility was the fastest and best we've ever encountered. Patient, caring for doctors charleston west doctors opened their latest location at 1014 St. Andrews Blvd in Charleston today. Doctors Care West Ashley was built to replace an old facility about 2 miles away, and is strategically located to bring modern, convenient health care to the fast-growing West Ashley community. Care of Doctors Urgent Care, Columbia, S. Based in C, COVID-19 has successfully completed its third week of screening patients, and has expanded its program to begin testing first responders and employees of the City of Columbia.
